

Dear Sisters,

Early in the morning, January 22, 2022 Yvonne was welcomed by God. We knew that her health deteriorated rapidly since Thursday. She was in hospital for sometime, having gone through a surgery because of stomach pain.

Marie-Claire has visited her almost every day; she was the only one allowed because of Covid-19 regulations. She was still with her yesterday evening but couldn't stay for the night.

We don't know yet when nor where the funeral will take place.

Yvonne is surely appreciative of the peace and the love she received from God.

We thank also God for her presence in Burundi for many years.

Much love,
Agnès
