

Daughters of Mary and Joseph in California

On behalf of the Daughters of Mary and Joseph in California, I welcome you to this sharing via Zoom. Welcome to each of you wherever you are from the four different corners of the world.

Prayer

Loving God,

We gather with hearts full of gratitude to celebrate one hundred years of service in the Lord's vineyard in California. Thank you, Lord, for sustaining us in this sacred mission of devotion, prayer, and service. Your grace has been the steady foundation through every season of change.

We thank you for the lives you helped us touch over these years and those who have touched us deeply. We are truly grateful that you have called us to be your instruments of mercy, bringing healing, comfort, and compassion to those in need - a compassionate and joyful presence that helps each person recognize his or her value and dignity.

May this centennial celebration serve as a launching pad for deeper love, greater hope, and continued service in your name. We ask this in faith.

Amen.

The recording is not from the beginning but the essentials are there – Click here:
