

**The long awaited day was finally here!**

10102020. Saturday 10<sup>th</sup> October 2020 was the day the Lord had designed right from creation that Lucy, Janviere and Philomena should make their first commitment to the Lord in the congregation of the Daughters of Mary and Joseph and so it came to be.

The journey of four years finally came to an end and opened a new page for a new beginning full of joy, love and peace.

The profession went well and it was graced by the regional Superior of Africa with a few friends from within.

The most beautiful moments were when we received messages from our own sisters all over the globe; it meant so much to us. Knowing that even in the most difficult times we were united in prayer, you wanted the best for us and indeed we got it. You prayed with and for us, your messages were all received with love and gratitude. With all this love we

did not feel the absence of our biological families, thanks a bunch!

Our love and gratitude to all our sisters for praying with and for us, for the warm welcome to the family of the Daughters of Mary and Joseph and to our community here in Nairobi, thank you so much for the work well done. God bless you all always.

Love and prayers,
