

## Africa Europe Faith and Justice Network

### The Africa Europe Faith and Justice Network Annual General meeting 2021

Towards the end of every year AEFJN holds its AGM. Convened by the Executive Committee based in Rome the AGM is an opportunity to share the joys and challenges of the work of the network through the Secretariat based in Brussels. It is also an opportunity for contact persons from different member

Congregations to meet and share their views on the network, review their commitment to it and the way forward.

Due to Covid 19 pandemic the 2020 AGM was held online and this time, it was a pleasure to have a physical meeting which took place in the Generalate of the Missionaries of Africa (White Fathers) in Rome on October 14 2021. It was also a please to have Sister Helen Lane our Congregational Leader who joined through zoom.

More than ever before, member Congregations were invited to more commitment in the advocacy field. The covid 19 pandemic has shown and aggravated more injustices and the Gospel values we uphold are very necessary in the advocacy field. We are called to be more alert and attentive as governments might put in place policies that suppress more the poor in trying to counteract the consequences of the pandemic on the economy.
