

Day 3: November 16th

This morning Catherine talked us through the faith sharing and Chapter processes. She said we were here to review what has been done over the past three years, to look into the future and then to see who can best help us fulfill the fruits of the Chapter. (mandate)

We then had our faith sharing on the day's gospel – Lk 18: 1-8 and the DMJ word was an extract from constitution art. 18

Thereafter, the Provincial team presented their report which we reflected on individually in line with the theme and brought to our small table group the fruits of our reflection. Each person shared her views and then we brought to the big group.

In the afternoon we concluded our discussion on the Province report and then Florah presented the finance report, Hedwig the projects then both Adeo and Pat shared about the St. Francis project.

The evening concluded with a take home of questions to reflect upon in continuation of the chapter spirit.
