

Day 4- 17th November

The day started with faith sharing based on the Gospel of the day (Lk 21:5-19) and the DMJ word was extracts from Constitution arts. 6, 7 and 9. Today we reflected and shared in our consensus groups.

A Formation report was presented by Arlette. We then discussed raising issues and challenges from it and reported back to the big group

This was followed by the question on the invitation from the General Chapter about Africa becoming a Region. Catherine gave us an input on the canonical difference between a Province and Region in relation to our constitutions.

After a brief discussion in our groups and reporting back, we were given time to reflect individually on what we had discussed was saying to us.

This afternoon we had a plenary session on the fruits of our reflection. We ended our day with a sacred dance, "I am that I am".
