

## Day 8: 21<sup>st</sup> November

Today we worked in our consensus groups. We had a faith sharing following the same process as the previous ones. This was then with a moment of listening to Helen's words of wisdom.

When that was done, Catherine briefed us on the task of the moment. This was to work in groups to find two possible leadership team combinations of three sisters each for the leadership of the Region for the next three years. This was to help the group narrow down their choices.

The first elected member of team was Caritas Ntibarutaye making her the assistant Regional. We then proceeded to elect the next members. Leonidas Komugisha was elected the first councillor.

In the afternoon after a sacred dance, we elected Gladys Kyoshabire as our second councillor.

After the voting exercise, we had a short break. We resumed sessions to see how best we could take the Chapter back home to our sisters given its importance. After the groups had given their feedback, we looked at what shape (format) we wanted the Chapter acts to take.

We ended the day with a prayer
